

LIVE INTERACTIVE WEBINAR

NUTRITIONAL INTERVENTION OF INFANTS WITH OR AT RISK OF FALTERING GROWTH: WHEN, HOW, HOW LONG?

We would like to invite you to a live interactive webinar, which will include scientific information and practical advice covering the following topics:

- Identifying infants with or at risk of faltering growth
- What are the consequences if we do not intervene to meet the nutritional requirements of these infants?
- Appropriate catch-up growth: too much vs too little, and when should nutritional interventions be stopped?
